Water Supply to Bangalore City

Passes orders on certain points connected with the —— from the Sri Chamarajendra Water Works at Thippagondanahalli

---

READ—

Government Order No L 1129-31—Ml 260-32-1, dated 9th August 1933, laying down the conditions subject to which supply of water will be given to the Bangalore City from the Sri Chamarajendra Water Works at Thippagondanahalli

2 Letter No 2603, dated 9th September 1933, from the Chief Engineer in Mysore, soliciting instructions as to (i) the date from which the reduction of free allowance of water from 4,000 to 2,500 gallons has to be given effect to, (ii) the manner of the levy of water rate on Government buildings, (iii) the source from which the Government contribution up to Rs 30,000 to make up the aggregate sum of Rs 4 lakhs and the additional contribution to the Municipality towards the increased supply up to 2 75 million gallons per day has to be met, and (iv) the procedure to be followed as regards the payment of bills by the Municipality for water supplied

3 Government Order No L 2410-12—Ml 260-32-16, dated 12th October 1933, directing, in modification of the order of 9th August 1933, read above, that a supply of three million gallons of water per day be given to the Municipality for the sum of Rs 4 lakhs to be paid by it every year, any supply in excess of the said quantity being paid for by the Municipality at rates to be settled in due course

ORDER No L 3075-3145—Ml 260-32-17, DATED BANGALORE, THE 6TH NOVEMBER 1933

Government are pleased to direct as follows on the points raised by the Chief Engineer in his letter of the 9th September 1933, read above —

(i) The reduction of the free allowance of water cannot be given effect to retrospectively The rules issued in the Public Works Department, fixing the present free allowance of 4,000 gallons, have to be altered first and the claim for excess water charges on the basis of the reduced allowance made thereafter Necessary action should be taken early in the matter

(ii) The Chief Engineer is requested to take early action, in consultation with the Municipality, regarding the installation of meters

(iii) In respect of the levy of water rate on Government buildings, Government direct that the sum of Rs 40,000 estimated under this head has to be recovered from the respective departments in whose occupation the buildings are, the amount to be paid on each building being assessed by the Municipality and the share due by each department being then fixed by the Chief Engineer in consultation with the Head of the Department The amount so fixed should be treated as contingent expenditure of the office concerned and the necessary provision made in the future budgets the amount payable during the current year being met by reappropriation of sanctioned grants

(iv) As regards the source from which the Government contribution has to be paid and the procedure for the recovery of the amount due from the Municipality, Government are pleased to direct that for the year 1932-33, the amount of deficit payable by Government for the period from 15th March 1933 to end of June 1933 may be calculated at the rate of Rs 30,000 per annum and deducted from the amount due by the Municipality for the water supplied

From the current official year, the Municipality may be required to pay the full amount due by it once a quarter and claim the amount of the deficit payable by Government at the end of the year, taking into account the details of receipts under items (i) to (vii) mentioned in condition (1) laid down in the Government Order of 9th August 1933 and having regard to condition (5) The deficit so arrived at may be permitted to be deducted from the amount payable by the Municipality for the last quarter of the year

No L 3075-3145—Ml 260-32-17, dated 6th November 1933

The amount of contribution found payable by the Government according to the calculations referred to above should be charged to the head "30 Grants for Public Improvements—Improvement of Water Supply in Towns" in the accounts, the required additional grant being obtained from the Legislature The Chief Engineer is requested to intimate to Government before the end of May every year, the amount of contribution found payable by them so as to enable a supplemental demand being placed before the June Session of the Legislative Council

Letter No.1147 dated 23rd April 1934 from the Executive Engineer, Water Supply Division, to the Chief Engineer of Mysore, Bangalore.

Subject:- Subvention payable by Government for the year 33-34 to the Bangalore City Municipality on account of water Supply.

In reply to your No.9653 dated 18th April 1934 I have the honour to state that according to G.O.No.L.3075-3145/Ml. 260-32-17 dated 6-11-1933 the subvention payable by Government to the Municipality is to be calculated for the year 32-33 at the rate of Rs. 30,000 per annum for the period that water was supplied to the Municipality during the year viz, from 16th March 1933 to end of June 1933. This amount will work out to Rs.8750 for this period of 3½ months. The monthly bills for this period were sent to them and they have not so far been paid by them. A consoildated bill for this period calculated at the rate of one lakh of rupees per quarter for preaudit to the Comptroller is sent in this office No.489 dated 21-4-1934 in which credit is given to them to the extent of Rs.8750 ~~are~~ as calculated above.

The monthly bills sent to them from March to June 1933 are considered as cancelled. A copy of the modified bill is enclosed for information.

As regards the subvention to be paid for the year 33-34, this will be limited to the deficit in the realisation of revenues by the Municipality up to a maximum limit of Rs.30000 as per G.O.No.L.3075-3145/Ml.260-32-17 dated 6-11-1933. The exact deficit will have to be intimated by the Municipality who are authorised to take credit for this amount when paying bills to this Division for the Quarter April to June 1934.

If this information is required for budget purposes, the subvention may be taken as Rs.30,000 which is the maximum payable.

COPY.

For Chief Engineer of Mysore.

24	Refunds of Revenue	60 000	IV Income tax 3 Deduct Refunds	In the current year s Budget, a provision of Rs one lakh was made under this head An increased provision of Rs 57 000 is required towards refunds to be made to Gold Mining Companies under Section 49 of the Income Tax Regulation	57,000

Number	Name of Demand	Amount for each Demand	Head of Account	Remarks	Amount
		Rs	XX Education 4 Deduct Re funds	The sum of Rs 9,000 provided in the current year s Budget is reported to be insufficient to meet the bills that are being received and an additional grant of Rs 3 000 is required to meet the anticipated excess expenditure	Rs 3,000
				Total	60 000
25(b)	37 Railways and Tramways	75,000	Lines worked by Government (b) Construction (2) Other works	A sum of Rs two lakhs has been provided in the current year's Budget for the construction of the Arasalu Anandapuram line An additional allotment of Rs 75 000 has been sanctioned for the speedy completion of the work	75 000
26	38 Krishnaraja Sagara Hydro-Electric and Irrigation Works	20,000	2 Hydro Electric works— Capital out lay on old Installation (c) Distribution— Electrification of Gubbi	An estimate amounting to Rs 58,490 has been sanctioned for the electrification of Gubbi Town An additional grant of Rs 20 000 is required to meet the cost of this work during the current year, as this charge could not be met from the provision made for electrification of towns and villages in the Budget	20,000
28	39 Industrial and other Works	2 36 716	2 Other works 5 Porcelain Factory	A capital grant of Rs 30,000 was provided for the Porcelain Factory in the Budget Estimates for the current year It is reported that this is inadequate and an additional grant of Rs 5,389 is required for certain necessary items such as a new drying shed, kiln building, etc	5,389
			4 Sri Chama rajendra Water works, Thippa gondanahalli	A provision of Rs 48 500 was made in the current year s Budget for completing the works as per sanctioned revised estimate of Rs 53 87 lakhs But as payments to firms for materials supplied and for compensation towards lands acquired could not be made during the last year, and certain fresh items of works found necessary had to be carried out this year, an additional grant of Rs 46,327 is required	
				For the waste weir works the sanctioned estimate for which amounts to Rs 9 35 lakhs the Legislative Council voted in December 1933 a grant of Rs 3 50 000 But as the works have to be brought to a safe stage before the monsoon rains an additional grant of Rs 1,85 000 is found necessary	
				Thus the total additional grant required under this head is Rs 2 31,327	2 31 327
